Pilot Scale Soil Characterization Study

Dear Bob:

Enclosed please find the revised Standard Operating Procedure (SOP) for Metal Speciation and Quantification of Perlite (SOP Number ISSI-VBI70-09). This procedure supercedes the earlier version included in the final Project Plan for the Pilot Scale Soil Characterization Study dated September 9, 1999. Please ensure that this revised document is incorporated into the project plan transmitted to your office. If you have any questions, please don't hesitate to call me at (303) 312-6579.

Sincerely,

A handwritten signature in black ink, which appears to read "Bonnie Lavelle", is positioned above the typed name.

Bonnie Lavelle
Remedial Project Manager
